NATALIE
GRIFFO

Thank you so much for your interest & consideration! Here is a guide for my 2017 pricing (subject to change at any time without notice). If you'd like to make any additions to these packages, there is an al la carte section at the end of these pages. You can make any additions you'd like to these packages, but no subtractions.

There is so much more to photography than simply pressing a button and getting a photo. Knowledge of framing, my eye, retouching so good you'll never even know a photo was retouched, and years of learning and educating myself have made me skilled in my craft, and evolved me into who I am as a photographer today. I'm tasked with capturing and crafting tangible memories of intangible fleeting moments - visual family heirlooms that will not only be looked at by you for the rest of your life, but by your children, grandchildren, and many generations to come. It may cost you now, but the longevity of what I capture with my camera and craft through my personal editing techniques, will outlast the cost and is priceless investment.

In this digital age, it's so easy for your photos and memories to get lost on a hard drive somewhere and never be looked at again once they are delivered to you. I encourage my clients to print their images, because there is something magical about seeing a physical photograph on your wall or holding your memories in your hands. Nothing makes a house feel more like a home than having photographs of you and your person (or people!) hanging on the wall. These are beautiful tangible memories of the some of the most treasured moments and individuals in your life. Having your images last a lifetime on paper is a special thing. It's a hard thing to regret, and an easy thing to love.

Each package or session includes the following
(unless otherwise stated):

- Custom gallery with sharing capabilities and web size photos available for download
  This is the perfect size for viewing on your computer or mobile device, sharing on Facebook or Instagram, using as your phone or computer background, sending to family members, storing on your computer or external hard drive, etc.

- Custom store with a variety of high quality customizable print products available for design and purchase utilizing high-res versions of your photographs
  I encourage all my clients to print their photos through me to ensure the quality of the print process remains high, and the colors of their photos remain true to the edits I have made.

- High-res photographs are available for individual purchase and download in case you'd like to print elsewhere
  If you choose to purchase high-res versions of your photos and print them elsewhere, I cannot guarantee the print process or quality.

Feel free to shoot me an email or give me a call if you have any more questions, or are ready to book a date. I can't wait to work together! I'm sure we'll make a great team.

PRODUCTS:

Please visit my website for pricing and information on prints, cards, albums, and more.

TRAVEL:

I love to travel outside the San Diego area, and I am always down for the adventure of shooting in a new location! I do not charge extra for travel, but simply require that the costs involved for myself and a second shooter (i.e. gas for a small road trip, plane tickets, hotel stay, rental car, food, etc.) be fully covered.

FINE PRINT:

Only eloping couples are eligible for the elopement packages.
2-10 people constitutes an elopement, 11-30 an intimate wedding, and 31+ a wedding.

$500 of wedding or elopement fee due at booking / contract signing, remainder due on date specified in contract. 25% of all other sessions due at booking, remainder due on date specified in contract. All reservation fees are non - refundable, and reserve me for the specified date.
